UTAH ENGINEERS COUNCIL ANNUAL FUND DRIVE 2009-10

Dear Friend of Engineering,

We are very grateful for your past support of The Utah Engineers Council (UEC). UEC is a nonprofit 501(c)(3) tax-exempt organization composed of fourteen Utah professional engineering societies. Our member societies represent almost 5,000 professionals from the engineering community throughout the state. UEC provides a forum for effective coordination among the member societies. Our mission is to: 1) advance the art and science of engineering; 2) support a high professional standard; and 3) advance engineering education.

We all benefit by efforts to advance the engineering profession. UEC depends on your support and contributions to continue its role. Your support and contributions will enhance UEC's efforts in the following areas:

National Engineers Week (E-Week) (February 14-20, 2010) - Activities include coordination of events promoting the advancement of engineering education at the engineering colleges in the state, the E-Week banquet on Friday, February 12, 2010, at the Clark Planetarium to honor recipients of the following awards: Engineer of the Year Award, Engineering Educator of the Year Award, Fresh Faces of Engineering Award, and MESA Teacher of the Year Award.

Scholarships - For engineering students at Utah State University, University of Utah and Brigham Young University.

Ongoing UEC Activities – Publication of the annual UEC Journal, monitoring legislative activities that affect engineers, Professional Engineers and Land Surveyors Licensing Board, Continuing Professional Education, Division of Occupational and Professional Licensing and various public relations efforts.

As a member of the engineering community, please consider a contribution to UEC in support of these important activities. There are three ways you can contribute:

- 1) Donating to the UEC Scholarship Fund;
- 2) Making a contribution to the General UEC Fund;
- 3) Donating to the Sponsor-A-Student Fund subsidizes the cost for students to attend the UEC Awards Banquet.

Any size contribution is greatly appreciated and carries the message that you believe in UEC's assistance in the future of Engineering. Please send the attached form with your contribution made to the order of "Utah Engineers Council" to the UEC Treasurer, Peter Tang, (801), at 2010 South 2760 West, Salt Lake City, Utah 84104, by January 25, 2010.

If you have any questions regarding the UEC generally, please contact Mr. Michael Buehner, UEC Chair, (801) 505-4008, (mbuehner@reaveley.com). If you have any questions about E-Week activities and banquet, please call Mr. Joseph Martone, E-Week Committee Chair, (801) 775-3646 (joseph.martone@hill.af.mil). If you have any questions about contributing to UEC, please contact Marilyn Marshall, (801) 424-9244, (mmcdon7419@aol.com) or visit our website at www.utahengineerscouncil.org

We look forward to your continued support.

Best Regards,

A handwritten signature in black ink that reads "Michael Buehner". The signature is written in a cursive, flowing style.

Michael Buehner, SE.
